PRESENTATION NVITE

LIFE

What is it

Bitcoin is a crypto currency (Digital cash) that can be sent anywhere in the world via Internet.

How does it work

Bitcoins are completely virtual coins designed to be self contained for their value, with no need for banks to move and store the money. Once you own bitcoins, they behave like physical gold coins: They possess value and trade just as if they were nuggets of gold in your pocket.

Why should I care

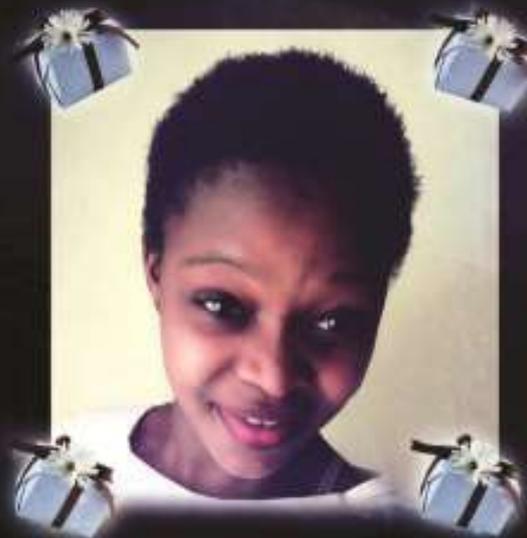

The world is moving into digital technology, letters are replaced by mails and social media is becoming the main platform for communication in the lives of many, be an early adopter and reap the benefits like those who did when Internet started. create a legacy for the generations to come with BITCLUB NETWORK.

How to start

POWERLESS
THE STORY OF
MITHIUS

STORY AND ART BY PRINCE MAK

Mithus kimura, you were tasked to find and capture our late Universal king Roza the fourth... you failed. Again I ask, why did you have to kill him when you knew the results of such a rebellious action? Answer now!

...

do you understand what you have done kimura?

HUH

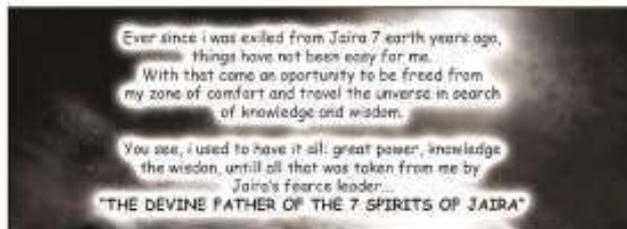

HUH

Please believe me... it was a setup. Someone knew about the mission and they went on ahead of us before my team and I could get there, there is no way I could have...

ENOUGH!... you will now have EVOLVA taken from you, you will then be banished from Jaira and you are to see to it that you never return, former general.

Your efforts to better this planet will be honored in your absence, since all your men perished in the boat we will be working hard to get a new squad and begin recruitment ASAP.

Ever since I was exiled from Jaira 7 earth years ago, things have not been easy for me. With that came an opportunity to be freed from my zone of comfort and travel the universe in search of knowledge and wisdom.

You see, I used to have it all: great power, knowledge the wisdom, until all that was taken from me by Jaira's fierce leader...

"THE DIVINE FATHER OF THE 7 SPIRITS OF JAIRA"

With the level of technique he used on me, even my fellow high level Chtrai abilities were shattered.

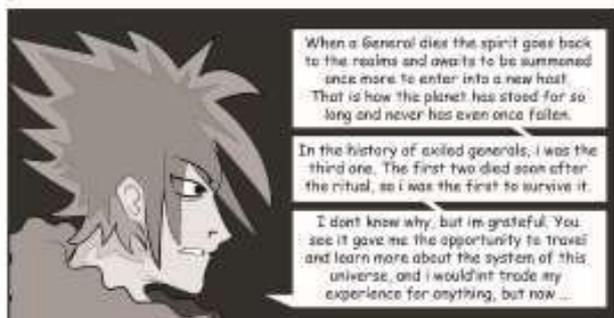

What a shame hey? ...

HUH

MPHH...

You see, let me tell you something about the system of Jaira my home...

When a General dies the spirit goes back to the realms and awaits to be summoned once more to enter into a new host. That is how the planet has stood for so long and never has even once fallen.

In the history of exiled generals, I was the third one. The first two died soon after the ritual, so I was the first to survive it.

I don't know why, but I'm grateful. You see it gave me the opportunity to travel and learn more about the system of this universe, and I wouldn't trade my experience for anything, but now ...

But now what Mithus? When are we going to rise to the top? Knowledge and experience alone will not get us anywhere if our leader is still as weak as he has ever been, all you ever do is read, read and ree ...

Enough! Tanya, when we met 5 years ago you followed me in truth and in faith, the time has come!

My lord! do you mean you are going to ...

ARGHH!

Oh yes Tanya.

ha ha ... ha ha hah! ha ha ...

Now that you've mentioned it I am really considering it you know, but first we need to make him really suffer Benny boy. Any suggestions on how we can pull that off?

You know I would suggest a Dark Matter Engine Acid bath infused with Space pepper sauce mixed with the finest Julian herbs for extra comfort, if you know what I mean.

Hey! in right here you know!

Ohhhh my, my apologies kurohan we could see you there.

JUST LIKE THIS TEMPLE YOU SAID WAS THE SIZE OF A SMALL HOUSE!!
